

Busy Bee

EST. 1933

PRODUCT CATALOGUE

ABOUT BUSY BEE

Established in 1933 by Censu Friggieri, Busy Bee began as a modest confectionery in Msida, Malta, and has grown into a household name in the culinary industry on the island.

Known for its unwavering commitment to quality and excellence, Busy Bee specialises in traditional Maltese and Italian delicacies, such as the renowned Dolci di Mandorla and handmade Torroncini.

Over the years, the brand has expanded its offerings to include coffee shops, gelaterias, and outside catering services for weddings, private and corporate functions, making it a preferred choice for those seeking authentic flavours and exceptional service.

1933

Busy Bee's journey began in 1933 when founder Censu Friggieri introduced traditional Maltese ice cream to the island.

1988

In 1988, the acquisition of Villa Mdina in Naxxar further cemented its reputation as a premier venue for weddings and receptions.

1974

In 1974, under the leadership of his son, Edwin, the business diversified, incorporating traditional sweets and transforming into an Italian-style coffee shop and tavola calda eatery.

2012

Subsequent decades saw steady growth, including the opening of a gelateria in 2012 and multiple café outlets across Malta, ensuring Busy Bee remains a distinguished name synonymous with quality and tradition.

1980

The 1980s marked the expansion into outside catering, which became a key pillar of Busy Bee's services.

CUTTING-EDGE FACTORY

In 2018, Busy Bee inaugurated a cutting-edge production facility in the Central Business District of Mrieħel, Malta, representing an investment exceeding €7 million. Spanning 8,000 square metres, the factory has been meticulously designed to optimise efficiency and maintain the highest standards of quality across all operations.

The facility houses eight specialised production areas, ensuring seamless workflows for diverse culinary products. Advanced logistics infrastructure, including multiple docking bays and extensive cold storage with over 330 square metres of capacity, supports the safe handling and preservation of ingredients and finished goods. A dedicated underground parking area enhances accessibility and operational efficiency.

Designed in collaboration with leading food technology experts, the facility incorporates energy-efficient systems, including a photovoltaic installation that generates approximately 320,000 units of electricity annually, covering 25% of its energy requirements. With its modern design and commitment to sustainability, the factory underscores Busy Bee's dedication to delivering premium quality products while minimising environmental impact.

This advanced facility reflects Busy Bee's focus on scaling production capabilities to meet both local and international market demands while preserving the artisanal quality that defines its legacy.

PRODUCTION EXCELLENCE

The production operations at Busy Bee's advanced facility are designed to accommodate a wide range of culinary creations, tailored to meet diverse customer needs. Equipped with precision-engineered machinery and a team of skilled professionals, the facility delivers exceptional quality and consistency across all product lines.

With eight specialised production zones, the plant ensures that each product type, whether sweet, savoury, or bespoke creations, receives dedicated attention throughout the manufacturing process. The facility's modular design allows for flexibility in scaling production, making it possible to fulfil both small-batch artisanal orders and large-scale commercial demands.

Strict adherence to international food safety and quality standards is embedded into every stage of production. From ingredient preparation to final packaging, robust quality control systems ensure that every product reflects Busy Bee's commitment to excellence.

This capability extends to custom production services, enabling businesses to collaborate with Busy Bee to create tailored products that align with specific market preferences. Whether developing unique recipes or replicating traditional favourites, the facility is equipped to deliver innovative solutions to meet international demand.

ADVANCED PACKAGING FACILITIES

The packaging facilities at Busy Bee's advanced manufacturing complex are engineered to deliver efficiency, precision, and versatility, meeting the highest international standards. Designed to handle a wide variety of products, the packaging operations ensure that every item is sealed and presented with the utmost care to maintain quality and extend shelf life.

Cutting-edge packaging machinery is deployed to accommodate diverse formats, including vacuum-sealed packs, portion-controlled trays, and custom-designed packaging tailored to specific market requirements. High-speed lines are integrated with automated quality assurance systems, which verify sealing integrity, weight accuracy, and labelling compliance, ensuring a flawless final product.

The facility's flexible setup allows for rapid adjustments in packaging configurations, making it ideal for both mass-market production and bespoke packaging solutions. This adaptability supports collaborations with clients seeking private labelling or specialised packaging to cater to unique branding and distribution needs.

Sustainability is a key focus of the packaging operations, with materials sourced to align with environmentally friendly practices. Innovative technologies and optimised processes are utilised to minimise waste while maximising efficiency, and meeting global demands for sustainable packaging solutions.

These capabilities ensure that Busy Bee remains a reliable partner for businesses worldwide, offering tailored, high-quality packaging solutions to enhance product appeal and meet the expectations of international markets.

20,000

Items produced daily

Production capacity of 20,000 items daily, offering flexibility from artisanal to bulk orders.

90+

Years of experience

A trusted brand since 1933, nearly a century of excellence in quality and authenticity.

8,000 M²

Production facility

Cutting edge 8,000 m² facility, designed for large-scale, high-precision food production.

50,000

Packaging units daily

Packaging capacity of 50,000 units daily, ensuring efficiency and quick turn-around for global markets.

100

Products

Over 100 product variations, including sweets, savoury items, and customisable options for diverse markets.

Date Rolls

32 Raw Imqaret

4cm L x 4cm B

A raw version of the traditional Maltese Imqaret, featuring a naturally sweet date filling infused with warm spices, wrapped in a soft, chewy pastry.

18grms

33 Apple Pies

8cm Ø + 4cm H

A classic apple pie with a buttery, flaky crust filled with tender cinnamon-spiced apples.

165grms

34 Almond Tarts

5cm Ø + 5cm H

Rich buttery pastry filled with a sweet almond-flavoured mixture, made with ground almonds, sugar, butter, and eggs. It has a delicate, nutty taste and slightly crisp crust.

90grms

35 Treacle Delights

7cm L x 3.5cm B

Treacle Delights, also known as Honey Ring Fingers, are sweet, sticky pastries made with soft, spiced dough filled with a rich treacle or honey mixture.

50grms

36 Ottijiet

8.5cm L x 4cm B

Traditional Maltese sesame seed biscuits, known for their crunchy texture. These biscuits are made with a simple dough of flour, sugar, eggs, and butter, then coated in sesame seeds.

16grms

37 Luna Di Miele

7cm L x 4cm B

Luna di Miele almond pastries are delicate, honey-kissed treats featuring a rich almond filling encased in a light, flaky pastry.

30grms

38 Saporelli Almond

5cm L x 4cm B

Saporelli almond pastries are crisp, golden delights with a rich almond flavour, delicate sweetness, and a light, flaky texture.

25grms

39 Cinnamon & Fig Pastries

4.5cm Ø + 4.5cm H

Cinnamon & Fig Pastries are aromatic, flaky treats filled with a fig mixture infused with cinnamon spice. Their buttery pastry complements the sweetness of figs.

35grms

40 Pistachio & Fig Pastries

4.5cm Ø + 4.5cm H

Pistachio & Fig Pastries are flaky, buttery treats filled with a sweet fig and crunchy pistachio blend, offering a rich, nutty flavour.

37grms

41 Date & Almond Pastries

4.5cm Ø + 4.5cm H

Date & Almond Pastries are delicate, flaky treats filled with a sweet, rich date and almond mixture, offering a nutty, caramel-like flavour.

33grms

42 Fig Rolls

7cm L x 5cm B

Fig Rolls are soft, biscuit-like pastries filled with a sweet fig paste. They have a tender texture and a rich, fruity flavour, making them a popular snack or teatime treat.
